

Coming event!
John Mackay
Dec 2, 2018

at
Erindale Alliance Church
(310 Perehudoff Cres. Saskatoon, SK)

TOPIC:
Climate Change
A Biblical Perspective

John Mackay, coal geologist and paleobotanist from Australia, will be speaking on the issue of climate change and in particular its relationship to the Bible and Christian faith.

This is your opportunity to raise questions relating to weather phenomenon, glacier fed river systems such as our Saskatchewan River, changes and affects in animal and bird populations, effects in crop production. And also what of solar and CO2 influences on climate and weather.

A generous Q & A opportunity over dessert is in preparation for your enjoyment. Come and bring interested and concerned friends.
