Dear EYMI Friends,

Today most people are so confused, and have no basis for hope. We need, more than ever, a clear presentation of the God who created all things, and is our eternal hope! We are pleased to share with you our EYMI news.

What exciting things our great God and Creator is doing with this ministry. When Rev. Jim Gregor started EYMI he longed to see children and adults taught about creation. He knew that showing them something of our Creator would help to draw them to want to know Jesus personally as Lord and Savior. We continue to follow that vision so that people can discover the glories of God and the true eternal value of human life.

We are privileged to share creation resources and the Christian gospel in a number of ways.

#### **EYMI Creation Events & Ministries:**

- 3<sup>rd</sup> Friday of the month at Sutherland Evangelical Church, Saskatoon
- 1<sup>st</sup> Saturday of the month at Onion Lake
- Once a year AWASIS, a First Nations Teacher conference at Saskatoon Inn, April 27
- The God of Wonders DVD shown in prison – once a month
- Ministry and resources to First Nations at LaRonge and Grandmothers Bay
- Projectors and materials are presented to international ministries to teach the creation message in Mexico, Zambia, Uganda, Rwanda, Sudan, Ukraine, and India. Thousands of lives are being touched through this extended ministry.

Materials and resources of course take financial investment. We are in need of your prayers and financial support to take the life changing message to even more people and places. It is impossible to see the value of human life without seeing the Creator and through the gospel getting to know Him personally.

Please join us as we continue to see lives transformed for the Glory of God. You can make your cheques out to EYMI, and send them to the above address. And visit us at the website... [www.eymi.net](http://www.eymi.net)

**And plan to attend our annual banquet Friday, October 6, 2017 - at 6pm - again at ROA Church Saskatoon!**

***Rev. John McGregor,***  
**Chairman of the EYMI Board**
